

## Visitor Experience Apprentice Program Spring and Summer Schedules

The Conservancy's Visitor Experience Apprentice Program is directly connected to our Summer Internship Program in that students who are successful volunteers in the spring may be hired for the respective full-time, paid summer positions. Therefore, it is important to understand the schedule and parameters of the Summer Internship when applying for the Visitor Experience Apprentice Program.

Spring Apprentices volunteer 1 day a week and are expected to be available for all 12 weeks of the program. Summer Interns work 5-days a week, are paid \$10 an hour, and are expected to be available to work for the entire 7 weeks of the internship. Summer schedules are fixed and cannot be altered.

The 2017 Visitor Experience Apprentice Program will run March 18 – June 3.

The 2017 Summer Internship Program will run July 5 – August 18.
